### 165 What was your status in employment in the reference week?

If you have **more than one job**, your answer should only refer to the job in which you work the most hours (main job).

In this context, it is irrelevant whether you are actually working in your main job or whether you are absent, for instance, because of parental leave, illness or holidays.

#### **Explanatory notes on the questionnaire**

#### Living floor space

The total living floor space of the dwelling is the cumulative floor space of all rooms in the dwelling.

Rooms outside the self-contained dwelling (e.g. mansards) and cellar and attic rooms converted for residential use also form part of the dwelling.

The living floor space of a rented dwelling is usually stated in the tenancy agreement.

If you calculate the living floor space yourself please include the individual areas as follows:

- the full living floor space of rooms with a clear height of at least 2 metres,
- half the living floor space of rooms or of floor areas under a sloping ceiling in rooms with a clear height of at least 1 metre but less than 2 metres,
- a quarter of the floor space of balconies, loggias, roof gardens

#### 2 Main tenant with subtenant

In the case of subletting, please state the monthly rent for the whole dwelling, not just for the dwelling areas occupied by the main tenant.

They may choose between two different release options: Under the Caregiver Leave Act, employees may be released from work on a full-time or part-time basis for a maximum of six months to look after a close relative in need of care.

There has been a legal entitlement to family caregiver leave since 2015. This means that employees may reduce their weekly working time if they look after a close relative in need of care at home.

#### Still: explanatory notes on the questionnaire

#### 10 Establishment (location)

An establishment is the location where you work (e.g. a shop, freelancer's office, agricultural holding, location of an enterprise, body governed by public law, etc.).

A location (e.g. a specific establishment of an enterprise) may comprise several separate work places (such as a production site, a warehouse and an administrative building all on the business premises). The people working at those work places belong to one and the same establishment.

The people working in an establishment include part-time workers, apprentices, working proprietors and unpaid family workers.

#### III Stand-by duty

The whole period of stand-by duty is to be included in the weekly working hours. Stand-by duty means that an employee has to be on stand-by at a place specified by the employer to perform work if necessary.

This is to be distinguished from on-call duty. On-call duty means that the employee is free to decide where to stay. The employee is required to start work within reasonable time if the need arises. In this case, only the actual hours worked and the travelling time count as working time.

#### Main sources of livelihood

If you are in employment, this does not have to be your main source of livelihood (e.g. the living expenses of apprentices are often paid by their parents).
